C.P

No.A.45011/2/2025-JDT(HTE)/ 68

Dated: Aizawl, the 27th February, 2026

PUBLIC NOTICE

In accordance with the minutes of the Selection Board Committee meeting held on 19th November, 2025, in the office chamber of the Commissioner & Secretary, Higher & Technical Education (H&TE) Department, there will be an enhancement in the structure of SMATEE 2026 examination. Specifically, the number of questions for each constituent subject will be increased, as outlined below (SI. No. 1).

Furthermore, we are pleased to announce the addition of Mathematics as an optional subject alongside Biology. This expansion is designed to provide opportunities for candidates who have opted for Mathematics in their Higher Secondary School education (Class XI & XII) in lieu of Biology. This adjustment is consistent with the established eligibility criteria for certain courses under SMATEE, allowing for the subject combination of Physics, Chemistry, and Mathematics (PCM). The list of technical courses that allow admission for candidates with a combination of Physics, Chemistry, and Mathematics (PCM) is included here for the information of all eligible candidates (SI. No. 2.).

1. Enhanced structure for number of questions with respect to constituent subjects in SMATEE 2026:

<u>Subjects</u>	<u>No of Questions</u>	<u>Maximum marks</u>
(a) Physics	45	180 marks
(b) Chemistry	45	180 marks
(c) Biology *	90	360 marks
(d) Mathematics *	90	360 marks
TOTAL	180	720 marks

****Biology and Mathematics will be optional subject depending on candidates' preference and subject combinations (PCB or PCM) in his/her HSSLC result.***

2. List of Technical courses under SMATEE that allow candidates with subject Combination of Physics, Chemistry, and Mathematics (PCM) in Higher Secondary Science (XII Sc.) are eligible for admission:
